- # Lower-level credit is awarded and must be validated by examination
- + Lower-level credit is awarded
- * Special conditions

NOTE: Nursing Students: A student wishing to transfer to one of our undergraduate

programs before completion of a nursing curriculum in another school must have his/her courses and competencies evaluated on an individual basis. When a student has completed a program qualifying him/her for the LPN or RN license, then the following statements apply:

1. *An individual who completes an LPN program in any state-approved school of nursing, holds an LPN license in Arkansas, and completes the prerequisites is qualified to apply for the LPN-RN program. This allows entry into the associate degree program and completion of the AASN degree in three (3) academic semesters.*

2. *An individual who completes an associate degree program in any state-approved, accredited school of nursing, holds an RN license in Arkansas, and completes the prerequisite courses is qualified to apply for the RN-BSN program. Credit is given for sophomore level BSN courses, and junior level credit may be earned by articulation after entry to the senior level. If the applicant's associate degree/diploma was earned more than five (5) years before entry into the senior level, junior year courses must be challenged by examination.*

Revised 04-09-04 Reg/Ozarkav College
